

Associate in Applied Science

AGRICULTURE/AGRIBUSINESS OPTION

JOINT DEGREE IN PARTNERSHIP WITH
CUMBERLAND COUNTY COLLEGE

Program Information

Students are prepared to manage farms and market agricultural products.

Upon successfully completing this program, students should be able to:

- demonstrate proficiency in written and oral skills in communicating as an agribusiness manager;
- demonstrate agribusiness skills in free market and global economies;
- demonstrate the ability to retrieve and critically evaluate information from a variety of sources in agribusiness;
- research, develop, organize and write a business plan for an agribusiness enterprise; and
- demonstrate readiness for employment in the field of agribusiness.

Students in the Agribusiness program who successfully complete the first-year requirements at SCC with a C or higher in all required courses are guaranteed acceptance into the second year of the program at Cumberland County College at CCC's in-county tuition rate. Students interested in completing the degree at CCC should contact CCC's Admissions Office early in their second semester. Students who successfully complete the second-year requirements at CCC will receive a joint Associate in Applied Science degree in Agribusiness from Salem Community College and Cumberland County College.

Transfer of Credits

Students interested in transferring to a four-year college or university after completion of the Associate in Applied Science in Agribusiness should contact the Office of Advisement, Transfer and Career Services at Cumberland County College.

* *Program Electives at Cumberland County College (credits indicated in parentheses) include: BU 207 Introduction to Marketing (3), BU 209 Small Business Management (3) and EC 201 Principles of Macroeconomics (3).*
