

Associate in Science

JUSTICE STUDIES/CONCENTRATION IN HOMELAND SECURITY

JOINT DEGREE IN PARTNERSHIP WITH CUMBERLAND
COUNTY COLLEGE

CREDITS

Program Information

This Associate in Science degree program examines threats to the United States with insight into the implications for maintaining homeland security. This includes the study of counterterrorism and antiterrorism, law enforcement, border and transportation security, critical infrastructure protection, and emergency response. The program prepares students to enter the field of homeland security or continue their studies at a four-year college or university.

Upon successfully completing this program, students should be able to:

- demonstrate an understanding of the purpose and role of homeland security in the defense system of the United States;
- locate, retrieve and critically evaluate and information sources related to homeland security; and
- demonstrate readiness for employment in the field of homeland security.

Students in the Justice Studies/Concentration in Homeland Security program who successfully complete the first-year requirements at SCC with a C or higher in all required courses are guaranteed acceptance into the second year of the program at Cumberland County College at CCC's in-county tuition rate. Students interested in completing the degree at CCC should contact CCC's Admissions Office early in their second semester. Students who successfully complete the second-year requirements at CCC will receive a joint Associate in Science degree in Justice Studies from Salem Community College and Cumberland County College.

Transfer of Credits

Students interested in transferring to a four-year college or university after completion of the Associate in Science degree in Justice Studies should contact the Office of Advisement, Transfer and Career Services at Cumberland County College.
