

Associate in Arts

SOCIAL SCIENCE - PSYCHOLOGY

Program Information

The Social Science-Psychology program explores psychology, human behavior and contemporary societal studies, and introduces liberal arts studies. Students are exposed to a diversity of thought and people. With course work that examines a variety of academic disciplines and modes of inquiry, students have opportunities to increase self-awareness, interpersonal skills, creativity and civic awareness. Students are expected to recognize and analyze ethical dilemmas, and also develop frames of reference necessary for critical thinking and problem solving.

Upon successfully completing this program, students should be able to:

- explain three personality theories, and
- explain five types of mental illness.

Transfer of Credits

Social Science - Psychology graduates may transfer credits to a bachelor's degree program at a four-year college or university. Please direct specific questions to a Student Affairs advisor.

⁺ Students must successfully complete two of the following college-level mathematics courses: MAT 134, MAT 137, MAT 145, MAT 153, MAT 201, MAT 231, MAT 232 or MAT 233.

^{*} A three-credit internship may be available to qualified students with written approval from the Dean of Academic Affairs.
