SURGICAL TECHNOLOGY CONCENTRATION

PROGRAM COLLABORATION WITH
CAMDEN COUNTY COLLEGE

Students who are pursuing this Allied Health program collaboration will be enrolled in the appropriate Health Science A.S. Concentration while they accumulate the required credits to apply to transfer to the target transfer institution. **Students are strongly encouraged to consult Camden County College during their first semester at SCC. Procedures for application to the Surgical Technology program at Camden (including deadlines) may change from year to year. It is the student's responsibility to obtain the current requirements for admission to the Surgical Technology program at Camden. Enrollment in SCC's Health Science program does not guarantee acceptance into the Surgical Technology program at Camden.**

Surgical technologists assist in surgical operations under the supervision of surgeons, registered nurses or other surgical personnel. Before an operation, surgical technologists help prepare the operating room by setting up surgical instruments and equipment, sterile drapes and sterile solutions. During surgery, technologists pass instruments and other sterile supplies to surgeons and surgeon assistants. They may hold retractors, cut sutures, and help count sponges, needles, supplies and instruments. Surgical technologists help prepare, care for, and dispose of specimens taken for laboratory analysis and help apply dressings. Some operate sterilizers, lights, or suction machines, and help operate diagnostic equipment. After an operation, surgical technologists may help transfer patients to the recovery room, and clean and restock the operating
